

For Immediate Release

Scorio Electric Achieves EU Whole-Vehicle Type-Approval for the Lambda Scorpïi

*Lambda Scorpïi, Scorio Electric's newly named flagship electric maxi-scooter,
now EU Whole-Vehicle Type-Approved*

SINGAPORE, 30 July 2025 - Scorio Electric Pte. Ltd. ("Scorio Electric"), Singapore's first electric motorcycle manufacturer announced today that its flagship model now has an official name: Lambda Scorpïi ("LS"). The model has also successfully received EU Whole-Vehicle Type-Approval ("WVTA"). This historical achievement marks a pivotal moment not only for Scorio Electric but for Singapore's innovation landscape.

LS is the first electric motorcycle developed in Singapore from the ground up to receive WVTa certification, meeting all the required European Union safety, environmental, and technical standards under Regulation (EU) No. 168/2013.

A Clean-Sheet Electric Platform, Built to Global Standards

The EU WVTa certification confirms that LS meets all necessary safety, environmental, and technical standards as an L3e-A1 category vehicle. It includes the successful completion of both the **Certificate of Conformity** and **Certificate of Production** audits.

Key highlights:

- **Clean-Sheet Electric Platform:** Engineered from the ground up, every component – from powertrain and electronics to vehicle control systems was developed and validated in-house by Scorpio Electric with full control over design, engineering, and production.
- **Global readiness:** EU WVTa opens the doors for expansion into key international markets.

"The homologation of **Lambda Scorp**ii in Europe marks a defining milestone for Scorpio Electric", said **Joshua Goh, Chief Executive Officer of Scorpio Electric**. "The incredible heart, dedication and expertise of our team has borne fruit, each step bringing us closer to our vision of a cleaner and more connected world. Receiving EU type-approval validates our entire vehicle creation process: from ideation to industrialisation. We have created a Singapore electric motorcycle for the world."

Introducing our new emblem (ΛSCO)

ΛSCO Emblem

Named after a star in the Scorpius constellation, **Lambda Scorpii** reflects Scorpio Electric's unique design direction and marks the beginning of a new chapter. The name captures the spirit of what the brand stands for: bold design, strong performance, and smart technology made for the modern eco-conscious rider.

As Singapore gears up for its SG60 National Day celebrations, this historical moment is also a proud one for local innovation, with a fully designed and engineered electric motorcycle from Singapore, now approved for and ready for the world. Scorpio Electric will share further updates on production timelines for LS in due course.
